

# Managed Care Open Enrollment!

It is the time of year for managed care open enrollment. If you receive your Medicaid benefits from a Medicaid managed care plan, you now have the chance to change your plan. Managed care open enrollment letters are in the mail. You will receive a letter over the next few weeks advising you of your open enrollment options.

If you want your current managed care plan to continue providing your Medicaid benefits you do not have to do anything.

You may change your managed care plan during open enrollment which is **November 1 through November 30, 2017**.

There are five managed care plans you can choose from:
