

MITS IS LIVE!

The new Medicaid Information Technology System (MITS) went live on August 2, 2011. Over the last year, more than 160 training sessions have been offered at 66 locations throughout the state, in addition to more than 60 webinars. However, even more trainings and webinars are being offered this fall, to ensure that all Ohio Medicaid providers understand how to use the new system. If you need help learning about MITS functionalities, we strongly encourage you to attend one of the trainings or webinars below.

MITS provider training workshops begin September 15, 2011, and end November 30, 2011. Trainings are offered for each claim type: Institutional (UB04), Professional (CMS 1500) and Dental (ADA 2006). If you are unable to attend a workshop, you can still download the training materials at <http://ifs.ohio.gov/mits/MITS%20Provider%20Training.stm>. The trainings will be very similar to the ones held in June and July 2011.

On-Location Classroom Training

On-location workshops are scheduled in Columbus for professional and institutional providers. To view the available sessions and to register, go to www.hp.com/go/ohioprovider_fall. Be sure to sign up as soon as possible before the registration closes or reaches capacity.

The following trainings are being offered in Columbus:

Date	Time	Name of Workshop
September 15, 2011	9:00 am - 1:00 pm	Professional Claim (CMS 1500)
September 29, 2011	9:00 am - 1:00 pm	Institutional Claim (UB04)
October 4, 2011	9:00 am - 1:00 pm	Professional Claim (CMS 1500)
October 13, 2011	9:00 am - 1:00 pm	Institutional Claim (UB04)
October 25, 2011	9:00 am - 1:00 pm	Professional Claim (CMS 1500)
November 8, 2011	9:00 am - 1:00 pm	Professional Claim (CMS 1500)
November 30, 2011	9:00 am - 1:00 pm	Institutional Claim (UB04)

Web-based Training

Webinars will be held for each of the provider types. To register, go to www.hp.com/go/ohioprovider_fall. The webinars will be conducted using a tool called HP Virtual Rooms. Before you register for a webinar, please confirm that your computer has sound capabilities and meets the system requirements for HP Virtual Rooms. To verify the requirements for the HP Virtual Meeting Room, the HP Virtual Training Room and Audio over the Web, go to <https://rooms.hp.com/requirements/>. Ask your organization's system administrator to determine whether the webinar is a viable option for you. Be sure to register before the registration closes or reaches capacity.

The following trainings being offered via webinar:

Date	Time	Name of Workshop
September 20, 2011	8:30 am -12:30 pm	Institutional Claim (UB04)

October 27, 2011	1:00 pm - 5:00 pm	Institutional Claim (UB04)

How to register

Go to www.hp.com/go/ohioprovder_fall. All of the training workshops are listed in the location drop-down box. First, choose a location and then choose a session within that location.

Please be careful when making your selection so that you choose a session appropriate to your claim type.

For classroom training, each attendee should register separately. For webinars, if your organization plans to show the presentation to a group, with only one projector, then only one registration is needed. Individuals who plan to attend on their own, using their own computers, will need to register individually.

Be sure to register before the registration closes or reaches capacity.

What happens after registering?

After you register, you will receive a confirmation notice stating the time, date and location of your training. Webinar attendees will receive an additional email confirmation approximately three days prior to the training with log-on directions and an invitation to attend sound check sessions to make sure those attending are ready for the training sessions.

Familiarize yourself with the training material at <http://ifs.ohio.gov/mits/MITS%20Provider%20Training.stm>.

If you are unable to attend your training session, please cancel it so another provider will be able to attend the training.

Need help registering?

If you need help registering for a training session, please email ohmitstraining@hp.com. Please note that this email address is not for claim inquiry or provider services inquiries.

Go to <http://ifs.ohio.gov/mits/> for the latest information related to MITS.
