PERM Provider Education Sessions

The Payment Error Rate Measurement (PERM) program is conducted every three years by the Centers for Medicare & Medicaid Services (CMS). The PERM program is designed to measure improper payments in the Medicaid Program. CMS has contracted with a vendor (A+ Government Solutions) who will be reviewing claims that were paid or denied during the period of October 1, 2014-September 30, 2015. Providers whose claims have been selected for review will be contacted by A+ Government Solutions to obtain medical records.

CMS will host the following PERM education sessions to inform Medicaid providers of their responsibilities during the PERM.
