

In addition to the diagnosed chronic condition, the individual must also:

- Be over 21 years of age
- Receive Social Security disability benefits
- Have one or more inpatient admissions due to a diagnosed chronic conditions
- Receive a qualifying score on the Adults Needs and Strengths Assessment (ANSA)
- Reside in an approved Home and Community Based Services (HCBS) setting.

Individuals on the program will have full Medicaid coverage and will receive recovery management (case management services). ODM has pre-identified individuals who may be eligible for the program and will reach out to them.
