

ODJFS MEDICAID MASTER FILES							
File Name	Description	Brief Overview	Actual File Name	Max Record Size	Est. Rec Cnt	Est. File Size (MBytes)	
<a href="#">DRUG_MASTER_EXTRACT</a>	Drug Master History Extract	This file contains the drugs' base information, with the historical changes defined using the Begin Date and End Date Strategy. This strategy facilitates determination of drug information "as of" a particular date, using DateX between BgnDate and EndDate. For every extract process, only the records that changed in the particular claim month will be extracted.	TBD		235	350,000	95.13
<a href="#">DRUG_PRICING_EXTRACT</a>	Drug Pricing History Extract	This file contains the drugs' pricing information, with the historical changes defined using the Begin Date and End Date Strategy. This strategy facilitates determination of drug prices "as of" a particular date, using DateX between BgnDate and EndDate. For every extract process, only the records that changed in the particular claim month will be extracted.	TBD		80	700,000	65.09
<a href="#">ELIG_EXTRACT</a>	Monthly Recipient Eligibility Details	This file contains eligibility details for each recipient (CRISE and/or MMIS) for a particular month in time. The file will also contain backdated eligibility details going back a certain number of months, as required by the vendor. Currently, the file contains current month and backdated eligibility going back four (4) months. Therefore, there will be one and only one eligibility record (Elig_Person_Pgm_Key) for a recipient (Person_Key) in the approved month (Year_Mth_ID).	TBD		240	3,700,000	1,017.24
<a href="#">ENROLL_EXTRACT</a>	Monthly Recipient Enrollment Details	This file contains enrollment details for each recipient for a particular month in time. Currently, the file contains an individual's enrollments in the current month and the four (4) most recent months. Note that there can be multiple enrollment records (Person_Enroll_Keys) for a recipient (Person_Key) in the approved month (Year_Mth_ID).	TBD		54	1,800,000	112.24
<a href="#">FFS_INSTNL_CLAIMS_DET</a>	Monthly Institutional Claims Details (Fee for Service)	This file contains claim line items of PAID institutional claims (fee for service) that were recorded in the source system in the month defined by Year_Mth_ID.	TBD		111	1,800,000	229.65
<a href="#">FFS_INSTNL_CLAIMS_HDR</a>	Monthly Institutional Claims Header (Fee for Service)	This file contains claim header information for PAID institutional claims (fee for service) that were recorded in the source system in the month defined by Year_Mth_ID. All claims across the system/files will be uniquely identified by the system identifier (Invoice_ID) and the invoice class code (Inv_Class_Cd).	TBD		561	400,000	257.81
<a href="#">FFS_MEDICAL_CLAIMS_DET</a>	Monthly Medical Claims Details (Fee for Service)	This file contains claim line items of PAID medical claims (fee for service) that were recorded in the source system in the month defined by Year_Mth_ID.	TBD		149	6,000,000	1,024.10
<a href="#">FFS_MEDICAL_CLAIMS_HDR</a>	Monthly Medical Claims Header (Fee for Service)	This file contains claim header information for PAID medical claims (fee for service) that were recorded in the source system in the month defined by Year_Mth_ID. All claims across the system/files will be uniquely identified by the system identifier (Invoice_ID) and the invoice class code (Inv_Class_Cd).	TBD		403	3,000,000	1,384.59
<a href="#">FFS_PHMICY_CLAIMS_DET</a>	Monthly Pharmacy Claims Details (Fee for Service)	This file contains claim line items of PAID pharmacy claims (fee for service) that were recorded in the source system in the month defined by Year_Mth_ID.	TBD		78	3,000,000	268.79
<a href="#">FFS_PHMICY_CLAIMS_HDR</a>	Monthly Pharmacy Claims Header (Fee for Service)	This file contains claim header information for PAID pharmacy claims (fee for service) that were recorded in the source system in the month defined by Year_Mth_ID. All claims across the system/files will be uniquely identified by the system identifier (Invoice_ID) and the invoice class code (Inv_Class_Cd).	TBD		405	3,000,000	1,391.46
<a href="#">INV_DIAG_COND_OCRNC_DET</a>	Monthly Invoice Diagnosis, Conditions and Occurrence Details	This file contains all recorded diagnosis, health conditions and/or occurrences associated with a claim/invoice (FFS or MC). This information is provided for a claim/invoice (Invoice_ID) of a certain class (Inv_Class_ID) all ranked (Ranking) from 00 to 99.	TBD		57	5,000,000	327.16
<a href="#">INV_PROCEDURE_DET</a>	Monthly Procedure Details	This file contains all recorded medical/surgical procedures associated with a claim/invoice line item (FFS or MC). This information is provided for a claim/invoice line item (Ln_Item_Cd) of a claim/invoice (Invoice_ID) or a certain class (Inv_Class_ID) all ranked (Ranking) from 00 to 99.	TBD		66	5,000,000	378.66
<a href="#">INV_PROVIDER_DET</a>	Monthly Invoice Provider Association Details	This file contains all providers associated with a particular claim/invoice (Invoice_ID) of a certain class (Inv_Class_Cd). Fee for Service claims will always have a primary provider, whereas Managed Care claims will have pay-to provider.	TBD		179	5,500,000	1,127.67
<a href="#">MC_INSTNL_CLAIMS_DET</a>	Monthly Institutional Claims Details (Managed Care)	This file contains invoice line items of PAID institutional claims (managed care) that were recorded in the source system in the month defined by Year_Mth_ID.	TBD		99	2,200,000	250.25
<a href="#">MC_INSTNL_CLAIMS_HDR</a>	Monthly Institutional Claims Header (Managed Care)	This file contains invoice header information for PAID institutional claims (managed care) that were recorded in the source system in the month defined by Year_Mth_ID. All claims across the system/files will be uniquely identified by the system identifier (Invoice_ID) and the invoice class code (Inv_Class_Cd).	TBD		377	400,000	173.58
<a href="#">MC_MEDICAL_CLAIMS_DET</a>	Monthly Medical Claims Details (Managed Care)	This file contains claim line items of PAID medical claims (managed care) that were recorded in the source system in the month defined by Year_Mth_ID.	TBD		111	6,000,000	763.18
<a href="#">MC_MEDICAL_CLAIMS_HDR</a>	Monthly Medical Claims Details (Managed Care)	This file contains claim header information for PAID medical claims (managed care) that were recorded in the source system in the month defined by Year_Mth_ID. All claims across the system/files will be uniquely identified by the system identifier (Invoice_ID) and the invoice class code (Inv_Class_Cd).	TBD		306	3,000,000	1,051.57
<a href="#">MC_PHMICY_CLAIMS_DET</a>	Monthly Pharmacy Claims Details (Managed Care)	This file contains claim line items of PAID pharmacy claims (managed care) that were recorded in the source system in the month defined by Year_Mth_ID.	TBD		83	1,500,000	143.48
<a href="#">MC_PHMICY_CLAIMS_HDR</a>	Monthly Pharmacy Claims Details (Managed Care)	This file contains claim header information for PAID pharmacy claims (managed care) that were recorded in the source system in the month defined by Year_Mth_ID. All claims across the system/files will be uniquely identified by the system identifier (Invoice_ID) and the invoice class code (Inv_Class_Cd).	TBD		303	1,500,000	521.13
<a href="#">PROVIDER_EXTRACT</a>	Full Provider Extract	This file contains details of all available providers in the Data Warehouse, identified by either the system generated key (Provider_ID) or the External Provider Number (Ext_Provider_Nbr)	TBD		437	200,000	101.02
<a href="#">RECIPIENT_EXTRACT</a>	Full recipient Extract	This file contains details of all available recipients (eligible or not) in the Data Warehouse, identified by the system generated key (Person_Key).	TBD		534	7,000,000	4,278.80
<a href="#">REF_CODES_EXTRACT</a>	Reference Code Extract	This file contains a full list of codes and descriptions compiled from all lookup tables referred to in this document.	TBD		560	50,000	33.04
<a href="#">PROVIDER_MEDICARE_XREF</a>	Provider Medicare Cross References	This file contains a full list of all Medicare provider numbers	TBD		55	157,468	10.91
<a href="#">INVOICE_ADJUSTMENT</a>	Invoice Adjustment (Class cod 66)	This file contains invoice adjustment records	TBD
