Medicaid Advisory Letter (MTL) No. 613

DATE:

TO: Eligible Non-Institutional Medicaid Providers
Chief Executive Officers, Managed Care Plans
Directors, County Departments of Job and Family Services

FROM: Barbara R. Sears, Medicaid Director

SUBJECT: Policy Clarification Federal Vaccines for Children program

ODM is implementing a system change that will eliminate the need for providers participating in the Federal Vaccines for Children (VFC) program to submit a charge of \$0.01 for each vaccine toxoid component CPT code to be reported on the claim in order for the Medicaid fee-for-service claims payment system to accurately process these claims. Beginning on 10/11/2017 professional VFC providers will be able to submit a charge of \$0.00 for each vaccine toxoid component administered under the VFC program. Managed Care Plans (MCPs') claims systems on or before this date will also accept a submitted charge of \$0.00 for vaccine toxoid component administered under the VFC program.
