Choosing a Medicaid Managed Care Plan

There are many things to think about when choosing a plan for you and your family. Here are some questions to ask yourself before you pick a plan:

- » **Which plans have all or most of the doctors and hospitals my family and I visit?**
- » **Which plans have doctors with office hours and locations that are convenient for my family and me?**
- » **Which plans offer extra services that I need or want (like health and wellness programs, extra help for pregnant women, and more transportation choices)?**
- » **How do the plans cover my medications?**
- » **How well did the plans perform in each section of this report card?**
