Medicaid Eligibility

ness — — — — — — — — — — — — — — — — — —
 The state certifies that it has submitted and received approval for its converted income standard(s) for this classification of children to MAGI-equivalent standards and the determination of the maximum income standard to be used for this classification of children under this eligibility group.
Au nitachment la sulimitteil.
The state's maximum income standard for this classification of children (which must exceed the minimum for the classification) is:
The state's effective income level for this classification of children under the Medicaid state plan as of March 23, 2010, converted to a MAGI-equivalent percent of FPL.
The state's effective income level for this classification of children under the Medicaid State Plan as of December 31, 2013, converted to a MAGI-equivalent percent of FPL.
The state's effective income level for this classification of children under a Medicaid 1115 demonstration as of March 23, 2010, converted to a MAGI-equivalent percent of FPL.
The state's effective income level for this classification of children under a Medicaid 1115 demonstration as of December 31, 2013, converted to a MAGI-equivalent percent of FPL.
C 200% FPL.
A percentage of the FPL which may exceed the Medicaid Applicable Income Level, defined in section 2110(b)(4) of the Act, but by no more than 50 percentage points.
The state's maximum income standard for this classification of children (which must exceed the minimum for the classification) is:
206 % FPL
Income standard chosen, which must exceed the minimum income standard
Individuals qualify under the following income standard:
The maximum income standard.
The state's effective income level for this eligibility group under the Medicaid state plan as of March 23, 2010, converted to a MAGI-equivalent percent of FPL.
If higher than the effective income level used under the state plan as of March 23, 2010, the state's effective income level for this eligibility group under the Medicaid state plan as of December 31, 2013, converted to a MAGI-equivalent percent of FPL.
If higher than the effective income level used under the state plan as of March 23, 2010, the state's effective income level for this eligibility group under a Medicaid 1115 demonstration as of March 23, 2010, converted to a MAGI-equivalent percent of FPL.
If higher than the effective income level used under the state plan as of March 23, 2010, the state's effective income level for this eligibility group under a Medicaid 1115 demonstration as of December 31, 2013, converted to a MAGI-equivalent percent of FPL.
C If higher than the effective income level used under the state plan as of March 23, 2010, 200% FPL.
