

Quarterly CPC Practice Partnership Report - PY2020

JANE DOE HEALTH CENTER - 9999999

Oct 2019 - Sep 2020

This report is informational only. This reporting period includes services delivered between 10/01/19 and 09/30/20, and paid through 12/31/20.

This is the report for your Practice Partnership in the Ohio CPC program. Performance on cost, quality and efficiency metrics is measured at the partnership level for scoring in the program. Individual member practice reports are included as informational only.

Note: CPC practices must use their Medicaid provider ID to access the Practice Partnership Reports on the MITS Secure Portal.

CPC Performance Summary

Oct 2019 - Sep 2020

This report is informational only. This reporting period includes services delivered between 10/01/19 and 09/30/20, and paid through 12/31/20.

Your payment eligibility

	PMPM	Shared savings
Your payment eligibility	 Congratulations! You are eligible for the PMPM payment	Eligibility for this payment will be reflected on your annual report for performance year 2020
Your payment amount	\$104,143 PMPM Payment for Q1 2021	Total Cost of Care (Relative to self) Risk-adj. PMPM N/A - Not scored in this period 2020 performance year Total Cost of Care (Relative to peers) Risk-adj. PMPM N/A - Not scored in this period 2020 performance year

Requirements for payments

Requirement categories	Found on pages	PMPM payment		Shared savings payment	
		Reporting period performance	Goal	Reporting period performance	2020 Goal
Activity requirements	N/A ¹	N/A ¹	100%	N/A ¹	100%
Clinical Quality measures	4	80%	>= 50%	80%	>= 50%
Efficiency measures	4	60%	>= 50%	60%	>= 50%
Total Cost of Care (Relative to self) Risk-adj. PMPM	3	Not scored for this payment stream		\$ 390.05	<= \$372.53

¹ Activity requirement status is based on provider attestation - only scored on annual report.

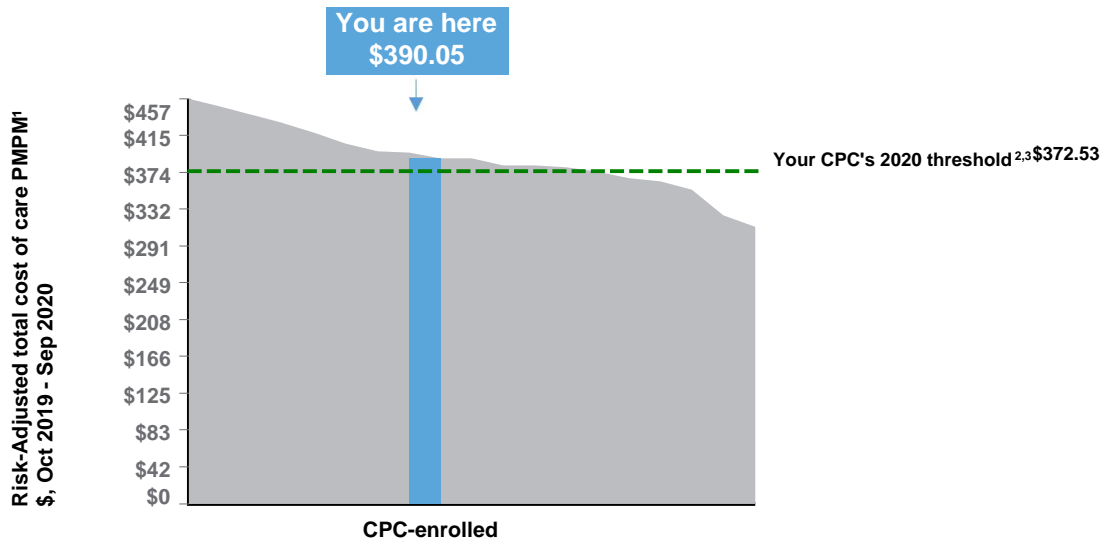

CPC Performance Summary

Oct 2019 - Sep 2020

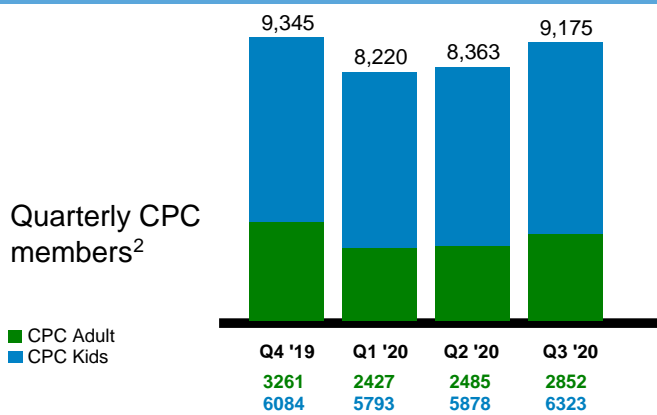

This report is informational only. This reporting period includes services delivered between 10/01/19 and 09/30/20, and paid through 12/31/20.

Your risk-adjusted total cost of care performance

Distribution of CPC-enrolled practices by risk adjusted total cost of care PMPM

Your CPC panel composition over time

	Q4 '19	Q1 '20	Q2 '20	Q3 '20
# members retained	8,261	6,964	7,303	7,509
# members gained	1,084	1,256	1,060	1,666
# members lost	2,476	2,381	917	854
Average risk score	0.72	0.75	0.75	0.72

1 Risk-adjusted TCOC PMPM includes quarterly PMPM payment for CPC-enrolled practices.
 2 Quarterly CPC members reflect the attribution status in the last quarter of each reporting period.
 3 Values are not final.

Quarterly CPC Practice Partnership Report - PY2020

JANE DOE HEALTH CENTER (99999999)

CPC Performance Summary

Oct 2019 - Sep 2020

This report is informational only. This reporting period includes services delivered between 10/01/19 and 09/30/20, and paid through 12/31/20.

CPC Performance Summary: Measure Summary

Enough individuals to be evaluated¹
 Oct 2019 - Sep 2020 performance meeting threshold
 Measures impacting total cost of care

Not enough individuals to be evaluated
 Oct 2019 - Sep 2020 performance not meeting threshold

Total cost of care performance tied to payment (CPC Practice-level)		Not meeting total cost of care		
		Your Performance	Threshold 2021	Threshold 2020
Total Cost Of Care	Risk-Adjusted Total Cost of Care PMPM	\$390.05		<= \$ 372.53
Efficiency measures tied to payment ²		Meeting 2/4 efficiency measures		
Efficiency	<input checked="" type="checkbox"/> Emergency Department Visits / 1,000 Member Months	80.25		<=82.21

Total cost of care performance tied to payment

Performance of your CPC practice - Informational only

Shared savings payment calculation¹

Component	Your practice	Description
A. Total cost of care performance	-	Risk-adjusted total cost of care for the performance period per member per month (PMPM)
B. Target total cost of care	-	Risk-adjusted baseline total cost of care PMPM, further adjusted for programmatic changes over time
C. Savings percentage	-	Savings as a percentage of Target TCOC, calculated as (Target TCOC - TCOC performance) / Target TCOC
D. Gain sharing rate	-	Percent of savings to be distributed as shared savings payment, determined by baseline performance and CPC track. Only CPC entities with Savings percentage 1% will be eligible for shared savings
E. Panel size (member months) for shared savings determination	-	Total member months for members attributed to the CPC entity for at least 6 months in the performance period
F. Shared savings payment based on self-improvement	-	Shared savings payment calculated as (Non-risk adjusted Target TCOC * Panel size * Savings percentage * Gain sharing rate)
G. Shared savings payment for practices with lowest total cost of care	-	Bonus payment for the decile of CPC entities with the lowest TCOC performance, calculated as (Panel size * Pre-determined PMPM bonus payment)
Potential total shared savings	-	Shared savings payment calculated as (Shared savings based on self - improvement + Shared savings payment for practices with lowest TCOC)

¹ Potential shared savings is not calculated for the quarterly progress report.
² Values are not final.

■ Performance not meeting threshold
 ↓ Eligible for shared savings

Total cost of care performance tied to payment

Performance of your CPC practice - Informational only

Shared savings payment calculation¹

Component	Your practice	Description
A. Total cost of care performance	-	Risk-adjusted total cost of care for the performance period per member per month (PMPM)
B. Target total cost of care	-	Risk-adjusted baseline total cost of care PMPM, further adjusted for programmatic changes over time
C. Savings percentage	-	Savings as a percentage of Target TCOC, calculated as (Target TCOC - TCOC performance) / Target TCOC
D. Gain sharing rate	-	Percent of savings to be distributed as shared savings payment, determined by baseline performance and CPC track. Only CPC entities with Savings percentage 1% will be eligible for shared savings
E. Panel size (member months) for shared savings determination	-	Total member months for members attributed to the CPC entity for at least 6 months in the performance period
F. Shared savings payment based on self-improvement	-	Shared savings payment calculated as (Non-risk adjusted Target TCOC * Panel size * Savings percentage * Gain sharing rate)
G. Shared savings payment for practices with lowest total cost of care	-	Bonus payment for the decile of CPC entities with the lowest TCOC performance, calculated as (Panel size * Pre-determined PMPM bonus payment)
Potential total shared savings	-	Shared savings payment calculated as (Shared savings based on self - improvement + Shared savings payment for practices with lowest TCOC)

¹ Potential shared savings is not calculated for the quarterly progress report.
² Values are not final.

 ■ 75th percentile for CPC-enrolled practices
■ Performance not meeting threshold
 ↓ Eligible for shared savings

Total cost of care performance tied to payment

Performance of your CPC practice - Informational only

Shared savings payment calculation ¹

Component	Your practice	Description
A. Total cost of care performance	-	Risk-adjusted total cost of care for the performance period per member per month (PMPM)
B. Target total cost of care	-	Risk-adjusted baseline total cost of care PMPM, further adjusted for programmatic changes over time
C. Savings percentage	-	Savings as a percentage of Target TCOC, calculated as (Target TCOC - TCOC performance) / Target TCOC
D. Gain sharing rate	-	Percent of savings to be distributed as shared savings payment, determined by baseline performance and CPC track. Only CPC entities with Savings percentage 1% will be eligible for shared savings
E. Panel size (member months) for shared savings determination	-	Total member months for members attributed to the CPC entity for at least 6 months in the performance period
F. Shared savings payment based on self-improvement	-	Shared savings payment calculated as (Non-risk adjusted Target TCOC * Panel size * Savings percentage * Gain sharing rate)
G. Shared savings payment for practices with lowest total cost of care	-	Bonus payment for the decile of CPC entities with the lowest TCOC performance, calculated as (Panel size * Pre-determined PMPM bonus payment)
Potential total shared savings	-	Shared savings payment calculated as (Shared savings based on self - improvement + Shared savings payment for practices with lowest TCOC)

¹ Potential shared savings is not calculated for the quarterly progress report.
² Values are not final.
