When do I need an Enrollment?

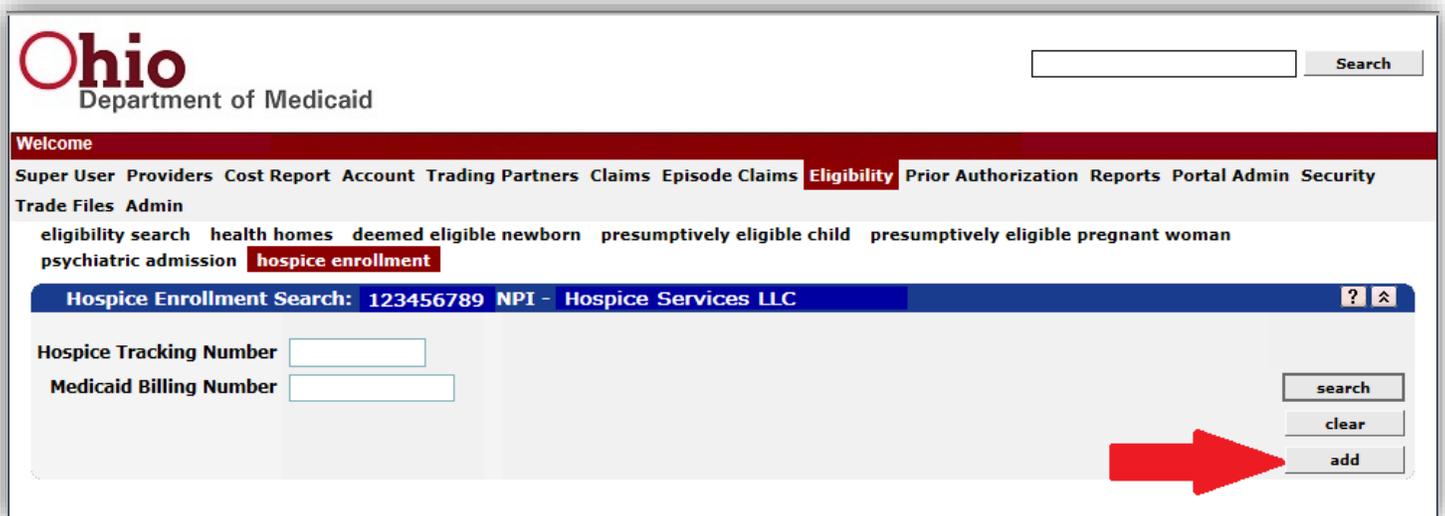

Completing a New Enrollment

1. Log into the MITS Secure Provider Portal. Complete an eligibility search for the individual you would like to enroll. After you have confirmed the patient's Medicaid Hospice eligibility, follow the steps below to complete an enrollment.
2. Hover over 'Eligibility', then click on 'Hospice Enrollment'.

The screenshot shows the Ohio Department of Medicaid MITS Secure Provider Portal. The 'Eligibility' dropdown menu is open, and 'Hospice Enrollment' is highlighted. A red arrow points to the 'Hospice Enrollment' option. The page header includes the Ohio Department of Medicaid logo and a search bar. The navigation bar includes 'Super User', 'Providers', 'Cost Report', 'Account', 'Trading Partners', 'Claims', 'Episode Claims', 'Eligibility', 'Prior Authorization', 'Reports', 'Portal Admin', and 'Security'. The 'Eligibility' dropdown menu includes options: 'Eligibility Search', 'Health Homes', 'Deemed Eligible Newborn', 'Presumptively Eligible Child', 'Presumptively Eligible Pregnant Woman', 'Psychiatric Admission', and 'Hospice Enrollment'. The 'Hospice Enrollment' option is highlighted. Below the navigation bar, there are fields for 'Name', 'Provider ID', 'Medicare', and 'Zip Code'. The 'Provider ID' field contains '05/05/2011-12/31/2299' and 'NPI'. The 'Medicare' field has a dropdown menu. The 'Zip Code' field contains '45040'. A red arrow points to the 'Hospice Enrollment' option in the dropdown menu.

3. To create a new enrollment, leave the fields blank and click 'add'.

The screenshot shows the Ohio Department of Medicaid MITS Secure Provider Portal. The 'Hospice Enrollment Search' form is displayed. The search criteria are '123456789 NPI - Hospice Services LLC'. The 'add' button is highlighted with a red arrow. The page header includes the Ohio Department of Medicaid logo and a search bar. The navigation bar includes 'Super User', 'Providers', 'Cost Report', 'Account', 'Trading Partners', 'Claims', 'Episode Claims', 'Eligibility', 'Prior Authorization', 'Reports', 'Portal Admin', and 'Security'. The 'Eligibility' dropdown menu is open, and 'Hospice Enrollment' is highlighted. The 'Hospice Enrollment Search' form includes fields for 'Hospice Tracking Number' and 'Medicaid Billing Number'. The 'add' button is highlighted. A red arrow points to the 'add' button.

- Click the drop down for 'Type of Action'. Choose 'New Enrollment'.

16. The HLTCF (Hospice Long Term Care Facility) Provider Service Span should only be completed if the individual is receiving hospice services as a resident of an HLTCF. The Effective and End Dates should reflect the time the patient was receiving hospice services in a HLTCF. All fields are required. *Click the light blue line to save.

17. Once the enrollment is completed, it can be submitted or canceled. Cancelling the enrollment will delete any information that has been completed. Submitting the enrollment will place it in a “processing” status.

18. After clicking submit you will need to return to the top of the page. If there are errors in the enrollment they will need to be corrected before you can proceed.

If there are errors in the enrollment, you will see this:

If there are no errors in the enrollment, you will see the following: (Processing may take up to 1 hour)

APPLICATION STATUS/NOTE:
The application is still processing. Please check back again later.

19. A successful submission will result in a Hospice Tracking Number (HTN). It is recommended that you save this number for your records as this will expedite the process of updating enrollments going forward.

Confirmation
Your Hospice application has been submitted on 09/07/2017
Your Hospice Tracking Number is 5999

***IMPORTANT - This Hospice Tracking Number (HTN) is necessary for accessing the status of submitted enrollments. Please write this number down or print this page and keep it for your records PRIOR TO EXITING. Applications submitted after 4 PM will not be processed until the next business day.**
Please remember to submit the following required documents:

WHAT'S NEXT?

- To upload required document (or to obtain a cover page), select: Upload required documents

20. To check if the HTN has finished processing, return to the Hospice Enrollment Search screen (as seen in step 3). Enter the HTN in the appropriate field and click 'search'. The status of the HTN will be displayed.

Update Benefit Period:

Reason For Updating Benefit Period: Individual entered a non-contracted facility

Benefit Plans: [Search]

4. Scroll up to the Enrollment – Disenrollment panel. The ‘Date of Disenrollment’ field is now editable. Enter the date the individual revoked their Medicaid hospice benefit. Scroll to the bottom of the application and click ‘Submit’.

Enrollment - Disenrollment	
Election Date	08/11/2017
Date of Disenrollment	

5. After allowing time for processing, it is recommended that you return to the HTN to verify that the appropriate date of disenrollment has been added to the application. Once the individual has been disenrolled, additional benefit spans cannot be added to this HTN. However, previously entered benefit periods can be edited. A New Enrollment should be created should the patient continue hospice services.

SCENARIOS

Aligning Medicare and Medicaid Spans

Mr. Public has been receiving hospice services through his Medicare Benefit. Three months ago he began receiving Medicaid hospice services as well for room and board in a HLTCF. His most recent 60 day Medicare span will end on 3/25/17. His current Medicaid span will end on 3/31/17. In order to align the spans and create one CTI for both Medicare and Medicaid, your agency would like to shorten the Medicaid span. (Individual must currently be within 60 day spans for both Medicare and Medicaid.)

1. Open the HTN you wish to align.
2. In the first panel, click the drop-down for '*Type of Action'. Select 'Maintain Hospice Record'. The individual's information should be present. Verify this is the individual's record you would like to edit.

Hospice - Application: 123456789 NPI - Hospice Services LLC

*Type of Action: Maintain Hospice Record (Changing this selection will remove any unsaved changes.)

Hospice Provider Name: Hospice Services LLC

Hospice Provider ID: 1234567

Medicaid Billing Number: 1234567890

Consumer Date of Birth: 01/01/1901

Consumer Name: John Q. Public

County of Record: DELAWARE

Submission Date: 07/19/2017

3. Scroll down to the Hospice Benefit Period panel. Select the Medicaid span you would like to shorten. Check the box to 'Update Benefit Period'. Click the 'Reason for Updating Benefit Period' drop-down. Choose 'Align Medicare Spans'. This will open the Benefit Period End Date for editing.

5. Click 'Submit' at the bottom of the page. This will update the enrollment for this individual.

ICD-9 and ICD-10 Diagnosis Code Sets during the Same Benefit Period

Mrs. Smith has been on Medicaid hospice since 9/1/2015. While entering her retro-enrollment you receive an error message that an ICD-9 code is required. (ICD-9 codes are required for any DOS through 9/30/15. ICD-10 codes are required for any DOS from 10/1/15 and forward.) You will need to edit the Hospice Terminal Illness Diagnosis panel.

1. Scroll down to the Hospice Terminal Illness Diagnosis panel.
2. Edit the ICD-10 code to have an effective date of 10/01/2015. Click the light blue line to save. Click the 'add' button and add the individual's ICD-9 diagnosis. The effective date should be her start of care date which was 9/01/2015. The end date should be the last DOS that ICD-9 is accepted, 09/30/2015. See the example below:

Hospice Terminal Illness Diagnosis						
Benefit Period	Primary Hospice Terminal Diagnosis	Terminal Diagnosis 2	Terminal Diagnosis 3	ICD Version	Diagnosis Effective Date	Diagnosis End Date

Individual Becomes a Resident of a LTCF After a Benefit Period has been Processed

1. Open the HTN for the individual who is now residing in a LTCF, for a long term stay.
2. In the 'Type of Action' drop-down menu, select 'Maintain Hospice Record'.

***Type of Action** Maintain Hospice Record ▼
 (Changing this selection will remove any unsaved changes.)

3. Open the previously processed Hospice Benefit Plan span that you will be adding the LTCF information to.

Hospice Benefit Period					
Benefit Period Segment Indicator	Benefit Period Effective Date	Benefit Period End Date	Status	Reason for Updating Benefit Period	
FIRST 90 DAY PERIOD	01/01/2017	03/31/2017	PROCESSED		
SECOND 90 DAY PERIOD	04/01/2017	06/29/2017	PROCESSED		
SUBSEQUENT 60 DAY PERIOD	06/30/2017	08/28/2017	PROCESSED		

Type changes below.

Benefit Period Segment Indicator SUBSEQUENT 60 DAY PERIOD ▼
***Benefit Period Effective Date** 06/30/2017
Benefit Period End Date 08/28/2017

4. Scroll down to the HLTCF Provider Service Span panel. Click 'add'. This will allow you to enter in the LTCF information.
5. Complete the HLTCF provider ID and enter the date the individual became a resident of the facility. An End Date is required and it must fall within the parameters of the benefit period entered, so the end date may be the last day of that hospice benefit period.

HLTCF Provider Service Span				
HLTCF Provider Medicaid ID	HLTCF Provider NPI ID	Provider Name	Effective Date	End Date
A				
Type data below for new record.				
<input type="button" value="delete"/> <input type="button" value="add"/>				
*HLTCF Provider Medicaid ID	1234567891	[Search] Provider Name		
HLTCF Provider NPI ID				
*Effective Date	07/15/2017			
*End Date	08/28/2017			

6. Once that information is completed, click on the light blue line to save the new information, scroll to the bottom of the page and click 'submit'.

Note: If the individual leaves the facility prior to that hospice benefit period end date, this panel can always be updated once that occurs. If the individual stays a resident during future hospice benefit periods, another span can be added to reflect their HLTCF stay for that benefit period.

Hospice Enrollment is Denied

You have entered an individual's hospice enrollment. After clicking submit, you scroll up and see that the enrollment has been denied. To find out why, follow the instructions below:

1. From the MITS Portal Home Page, click on 'Correspondence'. Click the 'Letter Name' drop-down menu. Select 'Hospice Enrollment Denial Errors Letter'. (Leave the other fields blank as the date search functionality is not yet available.)

The screenshot shows the Ohio Department of Medicaid MITS Portal. The 'Letter Search' section is active, with the 'Letter Name' dropdown menu set to 'Hospice Application Denial Errors Letter'. A red arrow points to this dropdown menu. Other search criteria like 'Date From', 'Date To', 'Period Type', and 'Records' are visible but not filled in. The 'search' and 'clear' buttons are at the bottom right of the search form.

2. Click to open the appropriate letter.

The screenshot shows the Ohio Department of Medicaid MITS Portal Search Results. The search criteria are the same as in the previous screenshot. The search results table is displayed below the search form. A red arrow points to the 'Date Sent' column in the search results table, which shows '09/13/2017'.

Document Number	Letter Name	Period Type	Date Sent
6517257000882	Hospice Application Denial Errors Letter		09/13/2017

- 3. Review the letter. A new HTN will need to be completed with the correct information.

9. You will need to submit the application once again and wait for processing to reflect the current action.

FAQs

- 1. Q. Which individuals need to be enrolled in hospice on the MITS portal?**

A. An Enrollment needs to be completed for any individual you are billing to FFS Medicaid. Individuals admitted to Medicaid hospice on or after 10/1/17, for any hospice services will require an enrollment. Individuals enrolled in Medicaid hospice prior to 10/1/17 that will need claims adjustments or that are still actively enrolled in Medicaid hospice will also require an enrollment.
- 2. Q. When do I need to have my retro enrollments completed?**

A. All retro enrollments will need to be completed prior to the end of the grace period. No date has been set but communication will be sent to providers with information on when this will take place.
- 3. Q. Is there a time restriction for completing enrollments, similar to Notice of Elections?**

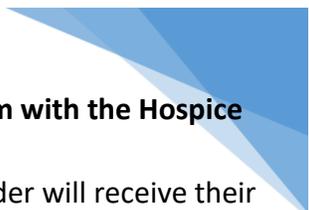

A. No, at this time there is no time restriction for completing enrollments. However, these must be completed before billing any hospice claims.
- 4. Q. Do I need a separate CTI (Certificate of Terminal Illness) for Medicare and Medicaid?**

A. Yes, when an individual was previously on Medicare and is eligible to be enrolled in hospice with Medicaid, a separate CTI is required. Once the Medicare and Medicaid episodes can be synced then only one CTI is required.
- 5. Q. Do I need a CTI if I am just billing Room and Board?**

A. Yes
- 6. Q. How can I begin providing/billing services if the previous hospice provider has not ended their active span?**

A. ODM asks that you reach out to the previous provider and coordinate the enrollment entry. In the event the other provider is not cooperative you may contact Provider Assistance and a representative from ODM will contact the provider on your behalf.
- 7. Q. Do I need to attach or submit any documentation certifying the individual is hospice appropriate?**

A. All CMS required forms are necessary for Hospice Enrollment. At this time it is not required to submit these documents during the Medicaid enrollment process. You may want to keep these for your records.

- 
8. **Q. If I am transferring an individual to another hospice, do I need to provide them with the Hospice Tracking Number (HTN)?**
 - A. No, you do not need to provide the new hospice with your HTN. The new provider will receive their own HTN when they enter the individual into the MITS secure portal.

 9. **Q. My enrollment has not processed yet, how long does this usually take?**
 - A. A “batch” or “cycle” to process enrollments runs approximately every hour. You must wait until the previous period shows “processed” before you can add another.

 10. **Q. If I am not billing Medicaid but the individual is eligible, can I still complete an enrollment?**
 - A. Yes, if you would like to complete an enrollment so that it is in MITS in the event that you need to bill Medicaid in the future.

 11. **Q. If an individual who was previously on a Managed Care plan changes to Medicaid FFS, what dates do I need to use for my enrollment?**
 - A. The election date is the original date the individual enrolled into Medicaid hospice. The benefit period effective dates would begin with the first day of the 1st 90-day Medicaid hospice benefit period. Whether an individual is on traditional Medicaid or Medicaid Managed Care does not change the benefit period effective and end dates.

 12. **Q. If an individual has exhausted their Medicare benefit, do I have to enter an enrollment for the whole time they have been on hospice?**
 - A. You must complete a hospice enrollment back to the date that the individual became fully eligible for Medicaid Hospice.

 13. **Q. My HTN was denied, how do I find out why?**
 - A. When an HTN is denied an administrator must go into the MITS portal. Once there the administrator will click Providers, then correspondence. After clicking correspondence next to “Letter Name” select the drop down for “Hospice Enrollment Denial Errors Letter”. If the date of the letter is unknown, click the search button and it will pull all denial letters under this provider id. An administrator must open the denial letter to see the reason and know which individual it is referring to.

 14. **Q. Will I get a warning before my claims deny for no enrollment?**
 - A. The rules/rates/enrollment are *all* effective October 2017. All the required enrollment actions must be completed. A mass adjustment will take place in 2018 to correct previous payments. Claims with no enrollment will deny and retract any previous payments.

- 15. Q. If my retro enrollment crosses the ICD-9 to ICD-10 change, which code set should I use?**
- A. For Benefit periods that span the 10/1/2015 ICD-10 begin date, you should create one line with the appropriate dates to cover ICD-9. Then add a second line for the dates using the appropriate ICD-10 code.
- (See the “ICD-9 and ICD-10 Diagnosis Code Sets during the Same Benefit Period” scenario on page 19.)
- ***If you entered an old enrollment using the incorrect code set, contact Provider Assistance at 1-800-686-1516. Your request will be directed to someone at ODM who can manually correct this panel.***
- 16. Q. How do I know if someone is currently or has ever received hospice services?**
- A. When completing an eligibility search for an individual in MITS you will now be able to see if the individual has hospice coverage. The Hospice Assignment Plan will now be visible if the individual is eligible for hospice services.
- 17. Q. Why did my claim go into suspense and what do I do?**
- A. A claim will go into suspense if a county rate or a LTCF rate is missing from the system. You will need to contact the IVR to report the county and state that the individual is receiving hospice services in, or the LTCF the individual is a resident of. The rate will then be added to the system and the claim will be removed from suspense for adjudication.
- 18. Q. How do I know when additional enhancements happen to the system and what policy is expecting of me?**
- A. Please keep an eye out for additional communications from ODM. Also look for updates from your association.
- 19. Q. What do I do if someone didn't have Medicaid at the time hospice services started but now the person has been approved for retro Medicaid?**
- A. Provider will need to refund money to the individual, complete the hospice enrollment, and bill Medicaid for services. (If the proper documents were obtained in alignment with ODM policy.)
- 20. Q. I accidentally entered an individual's date of death on the wrong HTN. How do I fix it?**
- A. See instructions for Editing a Date of Disenrollment on page 35 of this document.
- 21. Q. An individual has discharged from our care and returned a few months later, do we just pick up where we left off?**
- A. No, any return to care after a discharge, revocation, or transfer should be continued using a new HTN. A new election notice is required for the new start of care date.

22. **Q. A benefit span in my HTN was denied and I must open a new HTN, which election date should I use?**
- A. The current election date can still be used to complete the new HTN. A new NOE is only required if an individual has been discharged or has revoked.
