Telephone outreach to participants continues in order to retain a high attendance in the project and at the *Care Partner Workshops*.

Lessons Learned and Adaptations

Due to our concerns about reaching people, we will work on several new ways to promote the additional training events. For the *Dementia Beyond Drugs* training coming up first, we are creating a promotional video to send in an email blast to entice further participation by those organizations already engaged. We will create a separate blast to gain new participants in the project.
