Amy Hogan

Nursing Home Policy Manager

The Ohio Department of Medicaid Assistance

50 W Town St #400

Columbus, OH 43215

Dear Amy Hogan,

Grant ID: # G-1819-04-0401

The "Put Our Faith in Caring It's Never 2 Late" project we have been continuing to utilize the technology to the best of our ability during these odd times. Last quarter the COVID-19 pandemic occurred. This made us get more creative how we use our machines and got in contact with Amy Hogan to make sure we were in compliance with the restrictions and guidelines put into place for infection control. We continue to follow our infection control policy that we put in place last quarter with the IN2L. The select staff that has access to the one IN2L machine continues to utilize it with the residents on a one to one basis. Our diversity in applications while using the technology continues.

We continue to keep in contact with the co-founder of the IN2L company Jack York. We continue documentation of date, time, activity and reaction of the resident continues to occur. This practice allows staff to analyze, track and trend applications. When restrictions are lifted and we are able to use the machines how we were prior to the pandemic we will use them in small groups, large groups, and one on ones and continue to work closely with restorative and therapy to ensure that our residents are utilizing the machines to the fullest! I have been accessing resources and guidance through our IN2L contact, Melonie Tindall, to determine progress with the grant goals. We optimistically anticipate continued success in the upcoming thirteen months of this project.

Sincerely,

Erin Rorar, CDP

IN2L Grant Facilitator

**VISION STATEMENT**

Serving the Triune God by providing for the needs of His people.
