

## Stop That Mite! Scabies Education

### 1<sup>st</sup> Project Quarter Report

In the first quarter, the initiative to launch the project focused on back-office tasks necessary to prepare curriculum necessary to expand this educational program.

#### Major Activities and Accomplishments

Upon approval of the project the Jefferson County Health Department focused activities in the following areas:

*Video Production* for the online module was produced and completed by the Jefferson County Vocational School in collaboration with the Jefferson County Health Department.

*Onsite and Online Development Modules* are being prepared for completeness for February 25, 2019 begin date.

*Facility Invitations to Jefferson County Nursing Homes-* Administrators/ DON's will be sent on December 31, 2018. This meeting will involve the Nursing Homes and a brief description of the **Stop That Mite!** program that will be presented in their facilities. The meeting will be held at the Jefferson County Health Department, February 01, 2019.
