## Quarterly Progress Report-Stop That Mite!

In the second quarter of the project, the scabies curriculum was launched. Details of our progress and accomplishments are as follows:

- Held a meeting with all Directors of Nursing and Assistant Directors of Nursing to introduce the curriculum to their facilities. This was held on February 01, 2019, with 100% representation.
- Scheduled times and dates with the long term care facilities
- Reminders were sent, prior to each scheduled date(s).

### Achievements:

- Dixon Nursing Home: 24/26 Participants Test Points: 240 Pre-test: 212 Post-test: 238
- Catherines Care: 22/29 Participants 120 Test Points Pre-test: 92 Post test: 119
- Martha Manor: 11/11 Participants Test Points: 100 Pre-test: 85 Post test: 100
- Lancia Royale: 16/20 Participants Test Points: 160 Pre-test: 133 Post test: 160

Participation percentage: Dixon 92% Catherines 75% Martha Manor 100% Lancia Royale 80%

By comparison pre and post test scores 15% improvement-knowledge gained

### Upcoming:

- Continue education with remaining nursing homes and follow-up.
- Award a Certificate of Completion to each Participant.

This has been a popular curriculum and we hope to expand.
