The County Type is based upon the 2013 NCHS Urban-Rural Classification Scheme for Counties. The National Center for Health Statistics' (NCHS) Urban-Rural Classification Scheme for Counties was developed for use in studying associations between urbanization level of residence and health and for monitoring the health of urban and rural residents. These are defined as following:

- * Large central metro: Counties in metropolitan statistical areas (MSAs) of 1 million or more population that 1) Contain the entire population of the largest principal city of the MSA, or 2) Have their entire population contained in the largest principal city of the MSA, or 3) Contain at least 250,000 inhabitants of any principal city of the MSA.
- * Large fringe metro: Counties in MSAs of 1 million or more population that did not qualify as large central metro counties.
- * Medium metro: Counties in MSAs of populations of 250,000 to 999,999.
- * Small metro: Counties in MSAs of population less than 250,000.
- * Micropolitan: Counties in MSAs.
- * Noncore: Nonmetropolitan counties that did not qualify as micropolitan.

- (1) As a result of recipients with missing Aid Category Code, the sum of the Eligibility Categories may not equal to the total enrollees.
- (2) New Medicaid enrollees who were disenrolled 3 previous months who were not actively enrolled in Medicaid during the previous 3 months.
- (3) Enrolled on Medicaid in previous month and disenrolled in current month (as of time of report run).
- (4) Extended Medical Assistance, Healthy Families, Healthy Start, Incarcerated, MAGI Parent, MAGI Pregnant, OWF Family, Ribcoff, Transitional (Adult age 19 and above).
- (5) CHIP, Foster Care, Ribcoff, MAGI/Healthy Families/Healthy Start (Child age 18 and under).
- (6) Allens, Presumptive Eligibility Deemed Newborn, Refugees, Breast Cervical Cancer, Transitional, Human Trafficking.
- (7) Medicare Premium Assistance Only and Family Planning (Limited Benefit).
- (8) Recipients who have unknown sex are not included. As a result, the sum of the rows may not equal to the total enrollees.
- (9) Recipients who are older than 110 and whose birth date information are missing are not included. As a result, the sum of the rows may not equal to the total enrollees.
