**Subject:** Medicaid: 2022 Federal Poverty Level Income Guidelines

**Reason for Change:** On January 12, 2022, the United States Department of Health and Human Services updated the federal poverty level (FPL) income guidelines. In accordance with Section 1905(p)(2)(D) of the Social Security Act, the annual cost-of-living adjustment (COLA) is deducted from an individual's countable income for the Medicare Premium Assistance Programs (MPAP) until the annual federal poverty guidelines take effect.

**New Policy:** The FPL income guidelines for MAGI-Based Medicaid, Medicaid Buy-in for Workers with Disabilities (MBIWD), and the Medicare Premium Assistance Programs (MPAP) will be changed effective March 1, 2022.

**Action Required:** Beginning March 1, 2022, the County Department of Job and Family Services (CDJFS) must determine initial and ongoing eligibility for MAGI-Based Medicaid, MBIWD, and MPAP using the following FPL income guidelines:

**Ohio Benefits:** A mass change will run after adverse action in January but prior to, or on, the last day of adverse action for February, so that MPAP benefits can be impacted as of March 1, 2022. A journal entry will be automatically entered when the Mass Change EDBC Batch was successful. A Notice of Action (NOA) will be generated advising of any changes. An alert or report will be provided for program blocks that are excluded from the Mass Change EDBC Batch. The assigned worker will need to review these cases to determine if a manual EDBC is needed depending on the fallout reason, issue a manual NOA if there is an eligibility change, and document with a journal entry.

Medicaid Eligibility Procedure Letter No. 156 is obsolete upon the effective date of this MEPL.
