Medicaid Eligibility Procedure Letter (MEPL) No. 168

Effective Date: September 1, 2022

Issue Date: July 13, 2022

OAC Rules: 5160:1-6-06.5

To: All Medicaid Eligibility Manual Holders

From: Maureen M. Corcoran, Director

Subject: Increase in the Average Private Pay Rate (APPR) for Nursing Facilities

Reason for Change: The monthly Average Private Pay Rate (APPR) referenced in Ohio Administrative Code rule 5160:1-6-06.5 is updated every two years by the Scripps Gerontology Center at Miami University for the Ohio Department of Aging. The new rate is effective September 1, 2022.

Prior Policy: The previous monthly average private pay rate, last updated in 2019, was \$6,905.

New Policy: The updated monthly average private pay rate for nursing facilities, effective September 1, 2022, is \$7,453.

Action Required: A new period of restricted coverage is **not** computed for individuals currently in a penalty period. The CDJFS should **not** re-compute an improper transfer penalty period unless there is new information regarding the improper transfer (e.g., the resource was returned to the individual). The original notice that was issued to the individual is still valid.

For new periods of restricted coverage that will take effect for the budget month of September 2022 or later, the CDJFS is required to use the updated average private pay rate to calculate the penalty period.

The applicable Ohio Benefits reference table has been updated to reflect this increase for recurring budgets effective September 1, 2022.
