

## **UPDATED State Fiscal Year-End Claims Submission and Provider Payments**

Claims submitted after 12:00 p.m. on Friday, June 25, will be held for processing until the Ohio Administrative Knowledge System (OAKS), the state's accounting system, is up and running for state fiscal year (SFY) 2022 (beginning July 1). The Ohio Department of Medicaid anticipates issuing final provider payments for SFY 2021 on Wednesday, June 30, however, fiscal year-end processing may cause a delay in payment until OAKS is up and running for SFY 2022. The Ohio Department of Medicaid anticipates issuing the first payment of SFY 2022 to providers on July 9. Please note, as a result of fiscal year-end processing and the July 4 holiday, OAKS processing may experience a brief delay and payment may not be made until the week of July 12.
